EXCITING UPDATES from MIFA Victory Theatre

In June, we signed an agreement with IMG Artists, the largest arts and performing arts venue management company in the world, to produce a market analysis and business plan for the Victory.

• In July we received a **$30,000** grant from the Massachusetts Cultural Council Cultural Facilities Fund (MCCFF) to finance preconstruction architectural and engineering services. This grant must be matched and we hope you will consider making a contribution to help us reach our goal.

• In July MIFA was awarded **$100,000** in Massachusetts Historic State Rehabilitation Tax Credits, bringing our total to date for this project to **$3.9 million**.

• In August MIFA received **$3,500** from the Cultural Investment Portfolio of the Massachusetts Cultural Council, which is a $500 increase from our yearly grant last year.

• **AND** in August thanks to Sen. Mike Knapik and Rep. Aaron Vega, MIFA received **a **$100,000** grant from the State Legislature through the State Office of Travel and Tourism.

This summer's financial support is a vote of confidence by the local community and the State in MIFA Victory Theatre. We need your involvement and financial support to continue the effort to renovate and reopen the Victory Theatre.
